DTL Report for the McCraith 100 Tgt Double Barrel Shoot. Proudly supported by the Sugars Family. Saturday 9th May 2026. A blue ribbon event that has been going since 1969.

1/ Preamble: The Packers and Stackers union were considerably undermanned with Crusher Joyce sunning himself in Noosa and Stumpy ensconced somewhere in rural Victoria. A familiar voice split the air and a sigh of relief was heard – our humble and quietly spoken vice president and trap master had arrived. The set up now could begin in earnest

2/ Shooting Conditions: Initially overcast with persistent drizzle that tended to clear leaving patchy low cloud and the occasional burst of sunshine. Light to clear glasses appeared to be the favorite choice. Temperature ranged from 14 – 16 deg C and the all important Dew Point was 12-13 Deg C [Air was moist but not sticky so comfortable shooting conditions] Winds light-moderate S-SW@ 10-15 knots

4/ Traps and Targets: Traps 2 and 3 were used for the entire shoot – Trap 4 was initially prepared but not required. Green Dreams were used and Mick Peck aka “The Trap Master,” did a spectacular job in setting reliable and constant targets, there was no complaints and the impressive scores were testament to his efforts. The speed gun was entrusted to the Doc, which was of some concern however despite some muffled grumblings from within the trap all worked out well. The traps performed seamlessly and were topped up with express efficiently after every 2nd squad. Rob Cale was again in excellent form.

5/ Shooters and Squads: 41 nominated shooters in 8 squads shot from the 15 Mt common mark.

6/ Relevant Results: Scores ranged from 71/100 – 100/100.
